Goal 5: Lifelong Learning

Provide Lifelong Learning.

Assure that schools, City agencies, nonprofit cultural organizations provide lifelong learning in and through the arts.

Lifelong Learning Findings

Many Learning Opportunities: Dunedin adults, children, and youth have many opportunities to learn in and through arts and culture.

Many Providers of Instruction: The Dunedin Fine Arts Center, City's Leisure Services, Library and Historic Society, individuals, and small businesses offer instruction.

Support for Arts Education: Pinellas County has been fortunate to retain curriculum coordinators and arts specialists when other districts have cut back.

Need for Coordination: There is little coordination that would enhance arts and cultural learning. Schools and community cultural groups have no system to communicate plans or coordinate partnership programs.

Lifelong Learning Objectives

Advocate that Dunedin children and youth have access to a quality education including a sequential program of visual and performing arts instruction taught by qualified professionals in Pinellas County and private schools.

Encourage schools and public and nonprofit cultural organizations to collaborate so that student learning is enriched by local artists, historians, arts instructors, and visiting artists that enhance educational goals.

Provide lifelong learning opportunities for adults in the visual and performing arts, literacy and literature, and history.
