WELCOME TO DUNEDIN!

With gorgeous views of the Gulf of Mexico and St. Joseph's Sound, a hip little downtown and perfect winter weather, we are often referred to as "Delightful" Dunedin. Pronounced DONE-EE-DIN, the city has taken pride in developing a people friendly community full of parks and recreation, offering an abundance of outdoor fun and excitement for everyone!

Dunedin is also the home of Caladesi Island, the #1 Beach in North America! Dr. Stephen Leatherman, aka Dr. Beach, announced Caladesi Island State Park as having the best beach in America. The beautiful, sandy beach has been an eternal gem in the gulf and we are proud to be recognized nationwide for the scenic and natural beauty of this tranquil island!

As you visit downtown Main Street to shop and grab a bite to eat or as you drive up scenic Alt-19 towards the beaches, it's hard to miss all the action going on. From beaches to bike trails and golf courses to marinas, people are out and about exercising, exploring, and just plain old relaxing and taking in the City's natural surrounding beauty.

It may be the world's healthiest climate and the year-round outdoor fun that brings visitors to Dunedin, but it is Dunedin's village quaintness coupled with its progressive vision and masterful planning that keeps them here. It is not surprising that many seasonal visitors elect to stay once they discover Dunedin is without the trappings and congestion of most Florida resort towns.

Dunedin reflects the rich American and Scottish heritage of its founding fathers. This charming village-like town has the distinction of being the oldest town south of Cedar Key. Early in its history, thanks to a dock built to accommodate schooners and sloops and the ingenuity of pioneers from as near as Georgia and as far as Scotland, Dunedin became one of Florida's chief seaport and trading centers. At one time Dunedin had the largest fleet of sailing vessels in Florida. Early settlers were primarily cotton and citrus growers, and it is hard to envision that most of what is now downtown was once a big cotton field! The first land deed was recorded in 1852 by Richard L. Garrison, only seven years after Florida became a state. Although it was George L. Jones who put up a sign over his General Store in 1870 that read "Jonesboro," a petition in 1882 by two Scottish merchants, J.O. Douglas and James Somerville, officially named the Post Office then the town itself, Dunedin. The town became incorporated in 1899.

Dunedin is proud of its "firsts" which are chronicled in *Dunedin Through the Years* by William L. Davidson. The amphibious tractor, the Alligator, assembled in Dunedin and used in World War II, played a decisive role in the Pacific phase of the war. Frozen orange juice concentrate, and the "Pram" sailboat racer both originated here. Dunedin was the first home of the prestigious PGA (Professional Golfers Association). The first radio signals from Pinellas County were sent from Dunedin. The oldest continuous garden club on Florida's west coast is the Dunedin Garden Club.

Dunedin's quality of life is linked to its appreciation of its diverse and colorful past, and to the country that helped shape its future, Scotland. In commemoration of its ancestral ties Dunedin has chosen Stirling, Scotland, and Summerside, Prince Edward Island as its sister cities.

ATTIRE

Known for its ideal winter weather and warm summer months, you are sure to find most Dunedin residents and visitors dressed light and comfortable with the norm being shorts and sandals. Although in the winter, long sleeve shirts and slacks are appropriate for those occasional cooler days.

With the Marina, Honeymoon Island and the Dunedin Causeway Beaches only minutes away from downtown shopping and dining, casual is the dominant theme.

CLIMATE

Boasting one of the most pleasant winter climates in the country, Dunedin's weather drastically changes to a subtropical marine climate in the summer and fall months. Temperatures range from the low-50's to mid-70's Fahrenheit throughout the winter and spring (October - May) and range from the low-70's to high-90's in the summer and fall months (June-September) bringing abundant rain, lots of lightning and high levels of humidity. The area receives about 52 inches (132 cm) of rainfall a year.

Hurricane season beginning June 1 and ending November 30 is not something Florida residents take lightly, as it can be a very dangerous time of year. During this time, visitors and residents are advised to take all Hurricane, Tornado, Storm, Lightning, Flood and all other weather Advisories, Watches, Warnings and Evacuations seriously.

CURRENCY & BANKING

Bank-card, bank cash and Automated Teller Machines (ATMs) are located throughout the city. Members of participating banking networks and credit card companies can obtain U.S. currency by using any ATM card or credit card and a Personal Identification Number (PIN).

If you need to exchange foreign currency into U.S. currency, most of our local banks will exchange it at no cost for account holders or will charge a Ten Dollar Flat Fee for non-account holders.

EMERGENCY NUMBERS

For all life-threatening medical, fire and police emergencies call 911.

For non-emergency calls in Pinellas County: 727-582-6200

Florida Poison Control (voice/TDD/TTY): 1+800-222-1222

Florida Road Conditions:

I-75 From GA/FL Line to Turnpike: 1+800-475-0044

I-75 From Turnpike South: 941-647-5671

I-4 & Miami Dade Area: 511

Polk Pkwy: 941-647-5671

LOCATION, POPULATION & GEOGRAPHY

Located in Pinellas County, Dunedin lies on the Central West Coast of Florida, 25 miles west of Tampa and 3 miles North of Clearwater and enjoys almost four miles of picturesque waterfront overlooking the Gulf of Mexico, St. Joseph's Sound and the barrier islands including Clearwater Beach, Caladesi Island and Honeymoon Island.

With a quaint, small town look and feel, Dunedin possesses a surprising population of 37,000 residents.

Distances from Dunedin to other destinations include:

Clearwater Beach 5.9 miles

Disneyworld and Orlando 108 miles

Jacksonville 220 miles

Miami 286 miles

St. Petersburg 20 miles

Palm Harbor (downtown) 4.67 miles

Safety Harbor 6.41 miles

Tallahassee 293 miles

Tarpon Springs 12 miles

RULES TO REMEMBER

It is illegal in Florida for anyone under the age of 21 to consume alcohol in any quantity. To purchase alcohol in a bar, restaurant or store, you must be able to produce photo identification that proves your age.

Driving while under the influence of alcohol or drugs (DUI) is a serious offense in Florida. A person is considered legally drunk when the concentration of alcohol in his or her blood is at or above .08%.

TIME ZONE

Dunedin is in the Eastern Standard Time Zone of North America.

**VOLUNTEER SERVICES
COMMUNITY CENTER
1920 PINEHURST ROAD
(727) 812-4545**

WOULD YOU LIKE TO VOLUNTEER?

As a Volunteer you will help Dunedin:

- To extend and enhance services now offered by the City
- To increase direct services to our citizens and our community
- To build closer relationships with the City and its citizens

Opportunities:

The City of Dunedin offers you a variety of opportunities and placements to help you meet new friends (or come as a group) and share your expertise. All volunteers are fully trained. Time commitments will vary depending on the types of volunteer work performed. You may volunteer in the following areas:

- Boards and Committees
- City Hall
- Planning and Development
- Finance
- Human Resources
- Library
- Public Works
- Special Events

David White is the Volunteer Coordinator for the City and you may contact him at 727-812-4545.

**DUNEDIN CITY COMMISSION
542 MAIN STREET
(727) 298-3001**

Dunedin City Commission

Foresight and sound masterful planning have made Dunedin one of the few full-service communities in Pinellas County. The city operates under a non-partisan Commission/Manager form of government. Four Commissioners and a Mayor are elected by the registered voters of Dunedin under a staggered system that ensures that the city will have a degree of experience serving on the Commission at all times. The Chief Executive Officer, currently the City Manager, oversees all eight City departments and the annual budget.

Commission Meetings are held at City Hall, 542 Main Street, at 6:30pm on the first and third Thursdays of every month, unless otherwise scheduled. Updated meeting times can be found on the Calendar at www.dunedingov.com. In addition, Commission Meetings are broadcast live on **BRIGHT HOUSE Channel 615, KNOLOGY 15**, and are repeated daily at 9:00am and 6:30pm.

Government in the Sunshine and volunteer citizen boards and committees appointed by the City Commission ensure open, honest and responsive government. There are approximately 39 volunteer Boards/Committees that help advise the city. Commission meetings are open to the public and official city records, maps and financial statements are available for public review.

The Future of Dunedin

As the City moves forward, growth and redevelopment are both desired and inevitable. The true challenge will be to grow "smart." With this in mind, the City Commission has initiated the necessary research to set forth a vision for the future of Dunedin, that will protect our charming City, beautiful waterfront and overall excellent quality of life.

**We are Building an Inclusive Community
We are a Purple Heart City
We Have a Relay for Life Team**

**CITY CLERK'S OFFICE
750 MILWAUKEE AVENUE
(727) 298-3039**

The City Clerk is prescribed by the City Charter as a Charter official along with the City Manager, City Attorney and City Auditor. Appointed by and reporting to the City Commission, the City Clerk performs a wide range of services to citizens, elected officials and City staff.

The City Clerk is responsible for maintaining all official public records for the City of Dunedin: preparation of agendas and minutes of Commission meetings, legal notices, public hearing notifications, proclamations, certificates of appreciation, updating the Code of Ordinances, overseeing City elections and the Dunedin Cemetery; records of Boards and Committees established by the City.

The City Clerk has a staff comprised of several professional staff members who are dedicated to providing quality service to the public, the Commission and staff.

The City Commission commonly meets the first and third Thursday of each month.

**HUMAN RESOURCES DEPARTMENT
750 MILWAUKEE AVENUE
(727) 298-3040**

The Human Resources Department hours are from 8:00 a.m. to 5:00 p.m. Monday through Friday.

All open positions are reported on the City's Job Line (727) 298-3047, on the City's website: www.dunedingov.com and posted in the hallway at the Municipal Services Building, 750 Milwaukee Avenue. Applications for employment may be downloaded from the website, completed, then faxed, mailed or delivered to the Human Resources Department. Applications also may be obtained at the Information Desk in the Municipal Services Building. Applications are available for positions that are currently open only.

**FINANCE DEPARTMENT
750 MILWAUKEE AVENUE
(727) 298-3062**

The Finance Department is responsible for all accounting, budgeting, financing, purchasing and cash management activities for the City. Responsibilities also include safeguarding the City's assets, managing the City's investment portfolio, debt management, accurate and timely financial reporting, Utility billing and customer service, and providing financial support to all City departments and divisions.

In addition, the department coordinates preparation of the Annual Budget, monitors budget compliance, coordinates the annual audit conducted by an outside independent audit firm, and prepares and issues the Comprehensive Annual Financial Report.

The Department consists of four strategic levels of service; Accounting, Budgeting, Purchasing and Utility Billing.

Accounting Department

The Accounting Department prepares the CAFR, financial statements, processes accounts payable, completes specialized billing and provides customers with information on rates, types of services available and any regulations as it pertains to our billing services.

Budget Department

The Budget Department prepares quarterly reports, the Annual Budget, the Budget in Brief, the Capital Improvement Plan, the Revenue manual and provides evaluation and review of City activities.

Purchasing Department

The Purchasing Department facilitates vendor relationships and oversees all bidding processes for procurement of City products and services.

Utility Billing Department

The Utility Billing Department, prepares the City of Dunedin's monthly billings for water, sewer, trash/garbage, stormwater and reclaimed water. They also provide customers with information on rates, types of services available and any regulations as it pertains to our billing services.

**PLANNING AND DEVELOPMENT DIVISION
737 LOUDEN AVENUE
(727) 298-3198**

The City of Dunedin currently subscribes to the Florida Building Code (FBC). This is a code that is applied statewide and ensures that construction is disaster-resistant. Construction must meet specific wind load and other criteria that will minimize damage during hurricanes and other natural disasters.

There are two common themes that tie the *four sections* (Building, Community Redevelopment, Planning & Zoning) of Planning and Development together: the use of the land, and providing citizens with a safe, livable, and functional environment.

Building Department

The Building Department makes certain that residential, commercial and industrial structures are properly constructed and meet all local, state and federal requirements through the processing of all Permit Applications and Inspections. Enforcing regulations helps preserve our property values by causing the upkeep of eyesores and ill-maintained properties, and ensuring that the land is used for its intended purpose.

Track Your Permit Process Online!

Citizens and contractors can now login and track their commercial and residential permit process online. Please check our website at **www.dunedingov.com**.

The Building Department also oversees:

- Code Enforcement
- Occupational Licenses & Signage
- Other Community Permits (such as; garage sale, tent & tree removal)

Planning Department

Planning ensures not only that the types of uses (for example, residential, industrial, commercial) are compatible and consistent with one another but that the necessary infrastructure (water, sewer, roads) and services (parks) are available.

Zoning Department

Zoning is specific as it sets and enforces regulations that create efficient and attractive property by setting regulations that will tell how far the structure must be placed away from the lot lines (building setbacks), how high it can be, how many parking spaces are required, and how many trees should be planted (landscaping requirements), which results in a great sense of space and community.

The difference between land use and zoning is one of detail. Land use is more general, and provides rules for density (how many units each acre can have), compatibility (what uses fit well with other uses) and the amount of land the building and parking area can take up.

Planning and Development - published guides are available on our website at www.dunedingov.com. These guides are in Adobe Acrobat.PDF format. You will need Acrobat Reader or the Acrobat browser plug-in to view and print these files, if you do not have this software it is available as a free download at <http://www.adobe.com/>.

These guides are also available at City locations, including City Hall, Municipal Services, the Library and the Planning and Development Division itself.

**ECONOMIC DEVELOPMENT
737 LOUDEN AVENUE
727-298-3204**

**GRANT PROGRAM AVAILABLE TO SENIORS IN SOUTHSIDE DOUGLAS AREA
FOR HOME REPAIRS**

The Senior Grant Program provides funding for home repairs up to \$20,000 for improvements such as a leaking roof, windows and doors, electrical systems and more. Qualifying, low income homeowners age 62 and older are eligible. For more information, contact **Community Development at 727-464-8210** or go to **www.pinellascounty.org**

The City of Dunedin has always been proud of providing the community with a high level of municipal services, commercial goods and services, and employment and housing opportunities that have resulted in a sense of community and a high quality of life. Economic development facilitates the creation and maintenance of this quality of life through a strong tax base and a healthy local economy.

The Department facilitates partnerships to promote the cultural institutions and businesses of Dunedin to regional and international visitors and works closely with the Chamber of Commerce, Downtown Merchant's Association and Visitors Bureau and other organizations to promote cultural attractions and businesses in Dunedin. We also strive to give all Dunedin citizens an opportunity to contribute and experience the joy of participating in meaningful community activities. Economic Development is not new to Dunedin. Through years of master planning, Dunedin has seen a renaissance downtown and is beginning to look at ways to stimulate economic development city wide.

For more information on development opportunities, with complete confidentiality, contact: Robert Ironsmith, Economic Development Director, 727-298-3204.

Affordable Housing

The City of Dunedin partners with Pinellas County Community Development, Pinellas County Housing Authority and Habitat for Humanity to bring affordable housing initiatives to our great City. We strive to provide quality affordable housing opportunities to a variety of individuals and families that otherwise would not be able to achieve home ownership.

Community Redevelopment Agency (CRA)

The CRA seeks to revitalize blighted areas and make new what was once old by fostering private investment, making public improvements, beautifying areas, providing downtown parking, building the tax base and creating jobs

Commercial Building Facade Program

Incentive programs available to commercial building owners in the downtown district and Douglas and Patricia Avenues include matching facade program and demolition assistance. Property owners or tenants can apply for a facade grant, which assists with enhancing the exterior of their buildings. Interested applicants should call the redevelopment office at (727) 298-3198.

Pinellas County Economic Development

The Board of County Commissioners and the County Administrator created Pinellas County Economic Development (PCED) in late 1997. PCED works with existing businesses to encourage expansion and seeks to attract new companies with high-wage careers to Central Florida's Gulf Coast. Through investment tools, professional courses and business counseling sessions, trade missions to open new markets, as well as local, regional and statewide partnerships, PCED fosters a pro-business climate in Pinellas County, Florida.

**PUBLIC SERVICES DIVISION
1405 CR 1
(727) 298-3232**

The Public Services Division provides for the health, safety and welfare of the community through the management of City streets, sidewalks, stormwater infrastructure and facility buildings. Public Services oversee the Facility Maintenance and Stormwater sections of the City.

Stormwater Section:

Stormwater staff maintains and constructs our municipal stormwater conveyance and treatment systems including pipes, catch basins, swales, ditches and ponds. Street sweeping, mowing of public right-of-way and aquatic weed control are performed as part of requirements under our Environmental Protection Agency NPDES (National Pollutant Discharge Elimination System) permit.

Streets Section:

Street operations include the maintenance and construction of 31 miles of sidewalk, 130 signalized intersections and approximately 3,500 street lights. Signage and pavement markings are administered by this team of professionals.

The following services are provided by the Streets Section:

- Street repairs
- Pothole repairs
- Shoulder repairs
- Utility cut repairs
- Road and alley grading
- Repair and maintenance of existing sidewalks on city Right-of-Ways
- Installation of new sidewalks
- Curb repair
- Brick street repair
- Brick sidewalk installation and repair

Traffic Section:

Detours and road closures, including barricade and sign placement.

Manufacture, installation and maintenance of regulatory traffic and street name signs.

Operation of school zone flashers with the City are maintained by this division, including keeping them operational as well as trimming back brush and limbs to maintain visibility.

**ENGINEERING SECTION
737 LOUDEN AVENUE
(Second Floor above Sheriff's Department)
(727) 298-3178**

The Engineering Section of the Public Works Department is responsible for implementing the Capital Improvement Program for the City of Dunedin. This includes the design, permitting, and construction management of all City buildings, utilities, roads, and other infrastructure. Direct services to the general public include providing utility atlas maps, right-of-way and easement information, reclaimed water petition process and contracts, drainage and flood map information, reclaimed water petition process and contracts, drainage and flood map information, and address and construction progress information.

Permit Application Status

Infrastructure/Site Plans/Permit and Right-of-way permits are processed directly by the Engineering Section Office. All other permits are processed through the Planning and Development Department where they are routed to various Departments for review. If you have a question regarding infrastructure/site plans/permits, contact 298-3174. If you have a question concerning a right-of-way permit, contact 298-3178. For all other permits, first contact the Planning and Development office at 298-3202 or 298-3203 to determine its status.

Public Information

The Engineering Office houses much public information for your use. This information includes: Subdivision & Condominium Plat Maps, Subdivision Site Plans; Utility (water/sewer/storm/reclaimed/address) Atlases; Southwest Florida Water Management Topographic Aerials (1976); Pinellas County Photographic Aerials (1990); City of Dunedin Standards for Design and Construction; Sinkhole/Shrink-Swell Clay Activity Map; Property Appraiser Tax Maps, etc.

Colored Paint Marks on Lawn, Sidewalk, or Street

These marks identify the approximate location and type of buried utilities in that area. The City or a private utility company is locating these utilities in preparation of repair work, design and/or proposed construction. The colors represent utilities as follows:

Yellow	Natural Gas
Blue	Drinking Water
Red	Electrical Power
Green	Sanitary Sewer
Purple	Reclaimed Water
Orange	Telephone and/or Cable TV

Street striping such as stop bars, yellow curbs and crosswalks, as well as lane lines on city streets are maintained (and old ones removed) by this division.

Trees Section:

Trim all trees in the Right-of-Ways as needed in order to provide for the safety of all pedestrians and motorists.

Trim around street lights, stop signs and all traffic signs, traffic lights, line of sight issues as well as low hanging branches in the street.

Trim low overhanging branches near or around all City sidewalks.

Remove all dead trees in the City Right-of-Ways.

**FLEET SERVICES DIVISION
1090 VIRGINIA STREET
(727) 298-3227**

The Fleet Services Division provides a comprehensive fleet management program beginning with identification of equipment needs and ending with the disposal of surplus equipment. The division supports all departments/divisions of the City by providing them with safe and reliable vehicles/equipment to accomplish their daily jobs. As such, the Fleet Services Division acts as a centralized internal service fund in which services are rendered to the user departments. Consequently, revenues are generated through these service provisions.

The services provided by this division include every aspect of equipment repair, maintenance and fueling from our own automated fuel depot. Our focus is on preventative maintenance, which is a proactive approach that results in minimized vehicle down-time and reduced life cycle costs for all Fleet assets.

**WATER DIVISION
1401 CR 1
(727) 298-3100**

New Automatic Meter Reading

Automatic Meter Reading, also known as AMR, is currently being implemented by the City of Dunedin Water Division and Utility Billing Division. Your AMR device will be installed in your current potable and reclaimed meters boxes at no additional cost to you. You will continue to be billed for only that water which you use. Bills will not be estimated.

Consumer Confidence Report

The City of Dunedin is committed to providing residents with a safe and reliable supply of high-quality drinking water. We test our water using sophisticated equipment and advanced procedures. The City of Dunedin's potable (drinking) water meets state and federal standards for appearance and safety. This "Annual Consumer Confidence Report," required by the Safe Drinking Water Act (SDWA), tells you where your water comes from, testing results, and other things you should know about your drinking water.

Thermal Expansion

In accordance with the US EPA Safe Drinking Water Act, and the Florida Administrative Code Section 62-550, the City of Dunedin is currently installing BACKFLOW PREVENTION DEVICES on the water service lines to protect the public water system. This notice is to advise you of a possible situation that you may experience when the Backflow Prevention Device becomes operational.

When a Backflow Prevention Device is NOT present, the public water mains provide a "cushion" that absorbs pressure that occurs in a home's plumbing system from thermal expansion. This water expansion is caused when water is heated in the hot water heater. The Backflow Prevention device is designed to stop water from back flowing into the City main. Therefore, the expanding water no longer has a place to go so it remains in the hot water heater and builds up pressure. In normal hot water heater operation the thermal expansion would cause the TEMPERATURE & PRESSURE CONTROL VALVE (TP) to release water when the pressure exceeds 100 lbs. per square inch (PSI). Discharge may occur indicating the mechanism is immediate area surrounding your hot water heater if a discharge line does not extend from pressure control/valve on your hot water heater through an outside wall.

The following devices can be installed by a plumber to prevent this:

1. Ball cock relief valve – Watts governor 80 or equal
2. Temperature and pressure relief valve installed on an outside spigot, set at 90 P.S.I. – Watts model 530 or equal
3. Thermal expansion tank

If you have any questions or if your plumber has questions, please call the City of Dunedin Water Division (298-3100) and ask for Dan Chislock.

WATER USE RESTRICTIONS

(Last updated 4/15/09)

For ALL water sources EXCEPT Reclaimed Water

Because the City must protect and preserve our local water supply, Dunedin enacted Resolution 91-37, Water Use Restrictions, effective September 12, 1991 with an amendment, Resolution 97-08, effective March 6, 1997. These Water Use Restrictions are in combination with Southwest Florida Water Management District (SWFWMD) additional restrictions newly enacted on October 28, 2008. If you are uncertain of current restrictions as they apply to all sources except Reclaimed water use, please refer to the following:

1. Addresses ending in an even number may irrigate only on Tuesdays.
2. Addresses ending in an odd number or with no address may irrigate only on Fridays.
3. The hours of irrigation for users with an in-ground sprinkler system (whether manual or automatic) are from 12:00 Midnight to 8:00 AM only, based on the watering schedule above.
4. The hours of irrigation for users of manual equipment are limited to once a day based on the watering schedule above; either 12:00 midnight to 8:00 AM or 6:00 PM to 12 midnight.
5. Hand watering, micro-irrigation and other low volume irrigation of non-lawn landscaping is allowed on any day, If needed, but is limited to once a day; 12:00 midnight to 8:00 AM or 6:00 PM to 12 midnight
6. No irrigation is allowed on Mondays, Wednesdays, Thursdays, Saturdays, or Sundays!
7. Washing or cleaning of streets, sidewalks, driveways, or other impervious areas with water is prohibited.
8. Outside pressure cleaning shall be restricted to only low volume methods.

City of Dunedin — Utility Billing Customer Service Information

How to Reach Us

Our office is open Monday through Friday from 7:00 am to 6:00 pm, excluding holidays. We are located at 750 Milwaukee Ave, Dunedin, FL 34698. Our phone number is 727-298-3024; our fax number is 727-298-3029; and our website is www.dunedingov.com

Methods of Payment

1) On-line: www.dunedingov.com using a Visa/MasterCard.

Auto Pay (Electronic Funds Transfer): automatic payment (debit) from your checking or savings account.

2) Mail to: City of Dunedin, Utility Billing Department, P.O. Box 2039, Dunedin, FL 34697-2039

3) Drop boxes: Dunedin Municipal Services Bldg: 750 Milwaukee Ave, Dunedin, FL

Dunedin Library; 223 Douglas Ave, Dunedin, FL

Dunedin Art Center: 1143 Michigan Blvd, Dunedin, FL

5) Office: Dunedin Municipal Services Bldg: 750 Milwaukee Ave, Dunedin, FL 34698

We accept cash, money orders, and checks until 5:00 PM for same day posting.

Residential Rates — Effective 10/01/09 (Inside City Rates)

Garbage	\$18.50 per month (Dorm Garbage \$4.62)	
Sewer	\$5.36 per thousand gallons (cap 10,000 gallons = \$53.60)	
Stormwater	\$6.00 per month	
Unit Charge	\$12.72 per month	
Water 0- 5,000 gallons	\$3.74 per thousand gallons	
6,000 – 20,000 gallons	\$5.61 per thousand gallons	Recycling - \$3.02 per month & \$5.00 bin fee.
		Appliance pickup - \$17.12 per item.
Over 20,000 gallons	\$8.43 per thousand gallons	
Vacation (City turns off water)	\$23.34 per month (dormant garbage, unit charge, & stormwater)	

Commercial Rates — Effective 10/01/09

Garbage	based on dumpster size and number of pickups
Sewer	\$5.36 per thousand gallons (no cap)
Stormwater	based on square footage of impervious area
Unit Charge	based on number of units or based on consumption
Water	based on meter size

Reclaimed Water Rates — Effective 11/01/02 — NO increase! (Surcharges effective Feb 1st through June 30th)

0-15,000 gallons	\$0.50 per thousand
16,000 – 125,000 gallons	\$0.25 per thousand
Over 125,000 gallons	\$0.10 per thousand
Capital Recovery Fee	between \$9.50 and \$14.18 per month

Important Charges

Late Charge is 5% charge for payments made after 5:00 pm on the due date on your bill.

Turn on/Turn off water is \$10 for each service call. (Effective 2/8/08)

Turn on water for Disconnection of Service for nonpayment of bill is \$30. (Effective 2/8/08)

Tampering Fee (only authorized City employees may Turn on/Turn off your water meter) is \$50.

Returned Check/Draft Fee and restitution for the returned check/draft must be in cash or money order.

Returned Check/Draft Fees are as follows: \$25.00 for items \$50 or less; \$30.00 for items over \$50 and up to \$300; \$40.00 or 5% (whichever is greater) for items over \$300. (Effective 08/18/09)

Understanding Your Bill

Water is the potable water used in your home or business, billed by the 1,000 gallons, meters are read monthly.

Reclaimed Water is a charge for reclaimed water used in irrigation systems, billed by the 1,000 gallons, meters are read monthly. Reclaimed Water Surcharge Fee is imposed on all RW used over your allowed base surcharge rate. This fee is imposed during our dry season (Feb 1-June 30) to encourage customers to conserve water.

Capital Recovery Fee is for the costs associated with providing reclaimed water from the reclaimed facility. Irrigation charge is for water used for sprinkling, billed by the 1,000 gallons, meters are read monthly.

Sewer is the charge for processing of sewage based on water usage.

Trash and Garbage (solid waste) is a charge for removal of solid waste.

Stormwater Fee is a charge to each facility to provide retention, treatment and discharge of stormwater throughout the City. Unit Charge is a fee for each facility or unit connected to water or sewer, whether service is off or on.

Bill Date is the date your bill is mailed to you; it is due when rendered and becomes delinquent 20 days after the Bill Date.

Due Date is the last day you may pay your bill by 6:00 pm without becoming delinquent and being assessed a late charge.

Past Due Balance/Disconnection of Service - charges that have not been paid by their original bill Due Date. Termination of service will occur anytime on or after the disconnection date on the Reminder Notice unless you previously made payment arrangements.

9. Car washing is limited to once per week; however, fundraiser events are still allowed. Car washing at residential properties is only allowed on certain days: even-numbered addresses may wash only on Tuesday or Saturday; odd-numbered addresses may wash only on Wednesday or Sunday. Car Washing must be accomplished using a hand held hose with a shut off device.
10. Rinsing boats and flushing boat engines is limited to a maximum of ten minutes once per day for each boat.
11. Operation of aesthetic fountains and waterfalls is restricted to four hours per day.
12. Filling and refilling swimming pools is not restricted.
13. Irrigation of new landscaping (up to 30 days after installation) is not legally restricted in hours or days but should be limited to the prescribed irrigation hours when possible. You must keep your receipt for verification purposes and over 50% of the area you are watering must be new vegetation.
14. A verticut lawn may only receive two extra waterings: immediately upon removal of the thatch and then one week later to water-in a complete fertilizer. Turfgrass removed and then reinstalled in the same location within 48 hours may only receive two extra waterings: immediately upon reinstallation and then one week later. An overseeded lawn may receive no extra waterings.
15. Turfgrass replacement establishment will be restricted for a period of 30 days. On days 1-15, beginning the day of installation, the new or replacement turfgrass may be watered every day of the week. On days 16-30, the new or replacement turfgrass may be watered approximately every other day. You must keep your receipt for verification purposes and over 50% of the area you are watering must be new vegetation.
16. The watering in of herbicides, fungicides, or insecticides where such watering in is required by the manufacturer or state, federal, or local law is not restricted, but must be limited to minimum necessary.
17. The watering in of fertilizers is prohibited except on the watering day and times prescribed for irrigation.
18. The use of (low volume) pressure cleaning equipment to wash buildings, mobile homes, and other stationary objects is not restricted.

Typically, **outdoor water use accounts for up to 50 percent of water consumed** by households. You can reduce outdoor water consumption by taking a few simple steps; periodically check irrigation system timer performance and

If you have any questions, please call the Water Division (727) 298-3100.

RECLAIMED WATER DIVISION
1401 CR1
(727) 298-3100

The City of Dunedin Commission lifted the moratorium on new reclaimed water connections. There are a limited number of connections available. To be considered, please call Steve Haynes at the Dunedin Water Division, 298-3100.

Customers in the City of Dunedin can count on high quality reclaimed water suitable for landscape irrigation. Reclaimed water is treated through advanced technical processes designed by engineers, operated by highly skilled and licensed city staff, and tested in sophisticated laboratory processes. The utilization of the city's reclaimed water for landscape irrigation is safe for the protection of the environment and the public health. The city's reclaimed water program is an important component in the conservation of groundwater needed to sustain your drinking water supply for future years.

Reclaimed water is a product of treated wastewater collected from your homes, businesses, and the by-product water from the city's reverse osmosis water treatment plant. The wastewater flows through sewer mains and pumping stations within in the city's service area to the city owned and operated advanced Wastewater Treatment Facility.

This facility operates 365 days a year, 24 hours a day, and is operated by technically skilled operators, mechanics, and electricians committed to providing city customers with superior reclaimed water quality. There, the wastewater moves through numerous treatment processes to remove odor, oils and grease, organic matter, solids, nitrogen, phosphorus, metals, bacteria and other contaminants.

The resulting reclaimed water meets all state standards for use as landscape irrigation water. Reclaimed water is then pumped to customers and to four storage tanks located throughout the city. In accordance with the city's Cross-Connection Control Program, the Water Division installs a backflow prevention assembly at homeowners' water meters in all subdivisions having reclaimed water service. A backflow prevention assembly is a mechanical assembly that meets standards as set forth by the American Water Works Association, the American Society of Sanitary Engineers and the Foundation for Cross-Connection and Hydraulic Research. These installations protect you by preventing the backflow of potential contaminants or pollution from customers' plumbing back into the public water supply. Every backflow prevention assembly is tested each year to insure proper working conditions.

The Water Division staff repairs or replaces all faulty assemblies at no additional cost to the customer.

Annually, the Water Division staff conducts tests for each customer's reclaimed water irrigation system and their drinking water plumbing to insure that these systems remain separate and a cross-connection has not occurred.

For additional information concerning reclaimed water and watering restrictions, call the Water Division at 298-3100.

**WASTEWATER DIVISION
1140 MARTIN LUTHER KING JR. BOULEVARD
(727) 298-3254**

The City currently maintains approximately 140 miles of sanitary sewer mains, 3,500+ manholes, approximately 56 miles of laterals (right-of-way service lines to homes), and 42 lift stations.

The City has state-of-the-art equipment such as a radio-based Supervisory Control and Data Acquisition (SCADA) System which provides the Citizens of Dunedin with 24 hour telemetry monitoring of each lift station. This allows us to monitor the status of each lift station to help avert any sanitary sewer spills in the streets or back-ups into homes.

The City also has a Television and Seal Truck to visually inspect the sanitary sewer mains, while in use and with no disruption to service. This equipment allows the City to take a proactive approach to prevent damage caused by deterioration/age or by installation of other utilities that could potentially cause sewer back-ups and/or road failures.

Sanitary Sewage Stoppage

The City of Dunedin responds to sanitary sewer stoppages 24 hours per day, 7 days per week. If you experience a sanitary sewer stoppage:

Owner or resident should call the City's Wastewater Division prior to calling a plumber.

Our 24 HOUR, 7 DAYS per week telephone number is (727) 298-3256.

The City will make all necessary repairs to any problem found in the City sewer main to the tap, but not including the connection at the tap made by a plumber. The tap is usually located near the private property line.

If the sewer problem is located in an area that is the property owner's responsibility, the City will advise the caller that they will have to make their own arrangements to have the necessary work done. The above procedures are necessary to determine responsibility for sewer repair.

**THE CITY IS NOT RESPONSIBLE FOR REIMBURSEMENT OF WORK WHEN THESE
PROCEDURES ARE NOT FOLLOWED.**

For further information, please call (727) 298-3254 or go to the Internet at www.dunedingov.com.

**SOLID WASTE DIVISION
1070 VIRGINIA STREET
(727) 298-3215**

RESIDENTIAL SERVICES

The City of Dunedin, Solid Waste Division provides twice per week collection of garbage (automated green barrels).

Beginning Monday, July 4, 2011, yard/bulk debris collection will be **ONCE A WEEK** for residential customers. This is not a service reduction; rather it is a service change to Keep Dunedin Green. New Solid Waste Maps will be available after June 1, 2011 at:

**City Hall, 542 Main Street
Community Center, 1920 Pinehurst Road
Dunedin Library, 223 Douglas Avenue
Hall Activity Center, 330 Douglas Avenue
Martin Luther King Jr. Recreation Center, 550 Laura Lane
Solid Waste Division, 1070 Virginia Street**

Additional information can be found on www.dunedingov.com or you may call (727) 298-3215, Extension 21.

Large items, such as furniture and appliances, electronic waste, and oversized brush and yard waste piles can be placed curbside for collection, although surcharges may apply. It is assumed that items placed in the right of way are there for solid waste collection and disposal, and will be picked up providing they comply with acceptable waste regulations.

Residents are required to use a City provided automated container. Please place all items to be collected at the curb no earlier than 7:00 p.m. the night before collection, but before 6:30 a.m. the day of collection. Containers should be removed from the curb by 7:00 p.m. the day of collection.

Residents of the un-incorporated areas around the City of Dunedin may subscribe to the Solid Waste Division's collection services. Residents in the un-incorporated areas receive the same level of service. If you are interested in receiving this service, you may sign up at the City of Dunedin Municipal Services Building located at 750 Milwaukee Avenue. You may contact them at 727-298-3024.

COMMERCIAL SERVICES

Commercial customers, such as businesses, restaurants or shopping centers will be provided commercial dumpsters for storage and collection of solid waste material. The Solid Waste Division provides various size containers, 2, 4, 6 and 8 cubic yards for garbage or cardboard. Collection schedules can be tailored to meet your needs.

HOUSEHOLD CHEMICALS AND ELECTRONICS

The City of Dunedin's Solid Waste Division provides convenient collection of electronics (E-waste) on your regular collection day. It is assumed that E-waste and appliances placed in the right of way are there for collection and disposal and will be picked up by Solid Waste crews. Subsequent disposal and handling fees that may apply will be charged to your utility account. It is illegal to dispose of tires, auto batteries, pool chemicals, toxic or flammable items or liquid paint. Leave lids off latex paint cans to allow the paint to dry out, or saturate with newspaper, then place in container. Handling surcharges may apply to residents and customers found mixing unacceptable materials with their solid waste.

Please call (727) 464-7500 for information on disposing of oil-based paint/chemicals/solvents and electronics.

You may find additional information on www.dunedingov.com or by calling (727) 298-3215.

A message from the Fire Chief:

The Dunedin Fire Department welcomes you and your family to our beautiful city. Here is some information on our fire department and the exemplary services we offer to the citizens of Dunedin.

The administrative offices, which include the Operations Division, EMS Division and Prevention Division for the Dunedin Fire Department, are located at 1042 Virginia Street.

We have a dynamic department which provides outstanding service to over 37,000 Dunedin citizens. We have 3 Fire Stations located throughout the City of Dunedin which are comprised of 45 career firefighters, paramedics, and emergency medical personnel that respond to medical and fire emergencies. The Dunedin Fire Department features the most up to date technology, equipment and apparatus, including a new Sutphen 100 foot aerial and three state of the art front line engines. Rated a Class 2 by the Insurance Services Organization, the Dunedin Fire Department is among the highest rated fire rescue organizations in the United States placing us in the top 1% in the country. This rating offers businesses and homeowners in the city the 2nd lowest fire insurance premium in Florida.

The Fire Prevention Division mission is to perform timely commercial fire inspections ensuring Life Safety Code Compliance, conduct fire and arson investigations, and provide life safety education programs including, but not limited to community awareness education and hurricane preparedness programs.

Thank you for your interest in Dunedin Fire Rescue. Should you need any further assistance please contact us at 727-298-3102.

Fire Chief C. Bud Meyer
Office of Fire Department Administration

**FIRE SERVICES
1042 VIRGINIA STREET
(727)298-3102**

The operations of the Dunedin Fire Department are composed of three shifts, each containing 15 people: 1 District Chief, 4 personnel assigned to Engine 60 at 1046 Virginia Street, 4 assigned to Engine 61 at 1940 Ed Eckert Drive, 4 assigned to Engine 62 at 2833 Belcher Road and 2 personnel assigned to Truck 60. They work a 24-hour shift. There are three different shifts, which means that one third of the department is on duty and two thirds are off duty at any one time. Dunedin Fire Department operates all three fire stations.

Fire Prevention

The duties of the Fire Prevention Division are twofold. The prevention of fires, unintentional injuries, and to provide quality life safety education to the public. The Fire Prevention Division consists of a Fire Marshal, a Deputy Fire Marshal and one State of Florida certified Fire Inspector.

The Fire Prevention Division mission is to perform timely commercial fire inspections ensuring Life Safety Code Compliance, conduct professional arson and explosive investigations and provide quality life safety education programs to the citizens of Dunedin.

Many in the general public do not fully realize the constant danger that fire represents to the community. With an ever-increasing population, the construction of larger and more closely spaced residential buildings, the complexities in systems and processes in commercial buildings, and the crime of arson, the Fire Prevention Division mission of ensuring the life-safety of our citizens and visitors has become a complex task combining fire science, forensic science, code enforcement, arson and explosive investigation and community awareness education and preparation.

Life Safety Education

The primary goal of our life safety education effort is to reduce the incidence of fire and unintentional injuries by heightening the life safety awareness of our citizens.

Our Life Safety Education Program offerings include Smoke Alarm Giveaway Program for those living in single-family residences that need a smoke alarm; we will provide one free of charge.

Home Safety Program - Fire safety for the home as well as water and pool safety.

Business Safety Programs- Informative talks with business owners and their employees.

School Safety Program - We teach fire safety with programs such as STOP, DROP & ROLL, Crawl Low in Smoke.

Adult Programs - We have programs targeted for elderly citizens such as: fire extinguishers, fire safety for the elderly and smoke detector use.

Hurricane and Tornado Preparedness - Information provided in a variety of ways to emphasize what to do "before, during and after" a major storm.

Child Passenger Safety - You can make an appointment to have your child seat installed or inspected.

Disaster Preparedness

The Dunedin Fire Department also provides disaster preparedness services to our Fire District. This involves planning and organizing the emergency response to any natural or man-made disaster. The Fire Department becomes one of the lead agencies during any disaster.

Disaster Preparedness programs include:

Special Needs Evacuation Registration - This program is for anyone within an evacuation zone or in a mobile home park, who needs assistance to evacuate in a public shelter, nursing home or hospital.

Disaster Mitigation - Information is available for homeowners and businesses advising them on how to lessen the impact of a disaster before it occurs. Hurricane preparation and other types of disasters are covered including Disaster Recovery following an event.

Mapping - Maps are available showing evacuation zones, evacuation shelters and routes out of the City of Dunedin and Pinellas County on our website at www.dunedingov.com.

**DR. WILLIAM E. HALE ACTIVITY CENTER
330 DOUGLAS AVENUE
(727)-298-3299**

The Hale Activity Center is active year round with socials, classes, programs and activities for senior adults. The building consists of two large multi-purpose rooms with attached kitchens, a classroom, a computer lab, game room, conference room, snack area, exercise room and an outside deck. Everyone is welcome to visit and discover the continuously expanding selection of programs available. There is also a gift shop located in the lobby.

**MARTIN LUTHER KING JR. RECREATION CENTER
550 LAURA LANE
(727) 738-2920**

This 18,700 square-foot facility consists of a regulation wood floor gymnasium, teen room, game room, two classrooms, computer room, kitchen and staff offices. The facility is available for leagues, classes, meetings, drop-in programs, rentals and special events. The exterior grounds include a lighted basketball court, the skate park and a patio/viewing area as well as a playground.

**DUNEDIN NATURE CENTER
1910 ED ECKERT DRIVE
(727) 298-3271**

This facility is an environmental education center serving the community and schools for more than twenty years. It was designated a butterfly sanctuary in 1977 by the Florida Federation of Garden Clubs. The garden is home to nectar plants for adult butterflies and hummingbirds with food plants for caterpillars. Seven species of butterflies are raised in the garden. There is also a Sensory Garden for the visually impaired featuring plants of varying textures and sizes that can be explored through touch and smell along with user-friendly walkway with Braille signage.

**DUNEDIN LIBRARY
223 DOUGLAS AVENUE
727-298-2080**

The popular, newly renovated Dunedin Public Library offers high-speed Internet computers, multiple story-times, Used Book Store and lots of comfortable seating. Additionally, there is a large audio-visual collection which features DVDs, MP3 Digital Books, Videos, Music CDs and Audio-books - all ready for borrowing at no charge. Library staff is ready to answer your questions by phone, online or in person. We offer programs for everyone from birth to the "golden years." Library cards are issued free to Dunedin residents and to residents of Pinellas County upon receiving proof of residency. Visit our website at www.dunedingov.com for the most up-to-date information!

**DUNEDIN'S BRANCH LIBRARY
DUNEDIN COMMUNITY CENTER
1920 PINEHURST ROAD
(727) 812-4548**

The Friends' Branch of the Dunedin Public Library is a fully functional library located in the brand new Community Center. It is furnished with over 3000 items for all ages and interests including new books and many best-sellers, DVDs, music CDs, audio-books, digital books and current magazines and newspapers. Patrons may also request books from other libraries throughout the county. A limited number of computers are available for public use. A professional Librarian is always on hand during the branch's open hours to assist patrons. The Friends' Branch was partially funded by the generous donations of the Friends of the Dunedin Public Library and the Dunedin Public Library Foundation.

**DUNEDIN COMMUNITY CENTER
1920 PINEHURST ROAD
(727) 812-4533**

The Community Center includes a large multipurpose room to be used for concerts, stage performances, receptions and sporting activities. Also featured is a fitness center, music rehearsal area, recording studio, expanded classroom spaces, a satellite library and much more. This facility also includes a "Boundless Playground" for children. Governor Bush pledged support of the "boundless" playground concept with a goal of 50 Florida cities to provide these unique playgrounds which serve able-bodied and special needs children. Through a "Be a Player" partnership with the Dunedin Kiwanis Club, the City of Dunedin is proud to include this playground on the grounds of the new Center.

**DUNEDIN HIGHLANDER POOL
1937 ED ECKERT DRIVE
(727) 298-3266**

The pool complex includes a 25-yard/25 meter Main Pool, diving well with two 1-meter spring boards, an enclosed Training pool, a small picnic shelter, lounge chairs and a bathhouse facility. The pool offers a wide variety of programs including swim lessons (for youth and adults), lap swim, open swim, water exercise, CPR, special events and several competitive swim teams. The pool and the adjacent Highlander Park are available for rentals. The area features two large shelters, large open space, tennis courts and volleyball court, ballfields, horseshoe pits and playground equipment.

**KIWANIS SPRAYGROUND
1937 ED ECKERT DRIVE
727-812-4520**

The city's aquatic playground, the Kiwanis Sprayground, is the most popular place in town.

The city opened the sprayground in Highlander Park on July 2, 2009 and it has been flooded with youngsters ever since.

The splash pad has about 4,000 gallons of chlorinated city water which is filtered and recirculated. When the park is empty, an activator shuts down the water supply. It turns it on again when motion is detected. The splash boasts 3,000 square feet of nonslip play area with plenty of whimsical sprayers that squirt, dump, gush and shoot water. There are water cannons, floor jets, a slide and a big yellow bucket that fills up, tips over, and drenches those who stand under it. Little ones can hang out under a giant jellyfish while the water cascades around them or get soaked by a friendly alligator or dolphin. One of the highlights is Nessie the Loch Ness Monster, located in the center of the splash pad and sporting dozens of spray holes.

The spraypark is handicap accessible and features a special detector that shuts down the water when lightning is within 5 miles of the park.

Open daily from 9:00 a.m. until sundown. There is no cost and restrooms, picnic shelters and the Highlander Pool are steps away. Remember to bring towels, sunscreen and folding chairs.

**DUNEDIN FINE ART CENTER
1143 MICHIGAN BLVD.
(727) 298-3322**

The mission of the Dunedin Fine Art Center is to serve the general public by providing cultural awareness, creative experience, and educational programming through the visual arts.

The original idea for an art center in Dunedin dates back to 1969 when the Dunedin Junior Service League, in recognition of the importance of the arts to everyday life, resolved to work toward the creation of a cultural climate, and the eventual building of a fine arts and cultural center. Both the League and the City agreed that an art center would be a wonderful heritage for the City of Dunedin.

The vision and commitment of the City, its citizens and members of the League were realized in 1974 when ground was broken on The Dunedin Fine Arts Center. That vision and commitment was, and remains, to create and grow a "Fine Arts and Cultural Center, a Public Arts School and Library, open at all times to the general public, not restricted to any group or groups."

**ANDREWS MEMORIAL CHAPEL
1899 SAN MATEO DRIVE
727-529-9233**

This early Florida Victorian Church was built in 1888 and is listed on the National Registry of Historic Places, located at the entrance of Hammock Park in beautiful Dunedin, Florida. It is open to the public on Sunday from 2pm to 4 pm for tours.

Andrews Memorial chapel is operated by the Dunedin Historical Society, Inc., a non-profit organization that also operates the Dunedin Historical Museum.

You can schedule the chapel for weddings or other programs including concerts, lectures, funerals, christenings, memorials, educational programs and meetings by contacting us at 727-529-9233 or send an email to DUNHISTcompuserve.com. You can also visit the website at www.andrewsmemorialchapel.com.

HISTORY OF ANDREWS MEMORIAL CHAPEL

This chapel is a beautiful example of Early Florida Victorian architecture, and has a wonderful history behind it:

In 1871 a group under the leadership of Rev. Joseph Brown organized the Bethesda Presbyterian Church. Many people played a role in the construction of the church. In 1876 B.M. Brown (one of the original 12 Dunedin homesteaders) and the Emerson family donated land for the construction of a house of worship. Before the church was built, John G. Andrews lost his son William when he died while riding a horse in a violent storm. Mr. Andrews pledged \$200 to the construction costs of the church provided that it be named Andrews Memorial Church in memory of his late son. Mr. Alexander Anderson then willed his entire estate to the church and the building was paid off. The original site of the church is the present location of the Dunedin Cemetery. The population shifted toward the downtown area and in 1888 a new church was completed on the corner of Scotland Street and Highland Avenue. The name was transferred to this new church which is the current chapel building. This is one of the oldest remaining church buildings in the area. In the early part of 1926, the Andrews Memorial Church became Andrews Memorial Chapel and was moved south on Highland Avenue to make room for the present Presbyterian Church.

In 1970, the church was saved from destruction by the Dunedin Historical Society by relocating it to its present location at the entrance to Hammock Park. The building was literally cut in half in order to move it and restoration began in 1974. At that time, the chapel was added to the National Register of Historic Places.

The building has a charming Victorian style and is the perfect place for that perfect wedding. Constructed of Florida heart of pine, It has two foyers with Gothic archways leading into the sanctuary. The nautical appearing beamed ceiling, styled like a ships bottom, is completely hand carved. The pews, also hand carved, are 17 feet long and were built in the late 1800's and the stained glass window over the pulpit is the original.

**THE NATIONAL ARMED SERVICES & LAW ENFORCEMENT MEMORIAL
MUSEUM (NASLEMM)
500 DOUGLAS AVENUE
727-734-0700**

This is an educational memorial museum honoring those who serve, or have served, in the U.S. Armed Forces, or in law enforcement (Federal, State, and local).

Hundreds of arms and artifacts are on display from the flintlocks of the Revolutionary War to the electric Gatling gun. Most all of the small arms ("tools of freedom") used by the United States military are represented in the museum as are law enforcement weapons from major departments and agencies throughout the United States.

The museum hopes to educate young people about the sacrifices made by those who have served to defend our shores from foreign aggression and our country from internal corruption, crime, and violence.

ALL-VOLUNTEER, NON-PROFIT

100% of our funding comes from public donations and memberships. We are a National organization with members from all over the United States. We use no professional fund-raising organizations and 100% of donations and funds received go to our museum and its programs.

The Museum is open from 10am to 2pm, Tuesday through Saturday, closed Sunday and Monday. Special arrangements can also be made ahead of time for groups and reunions.

**DUNEDIN TV
542 MAIN STREET
(727) 298-3015**

Dunedin TV is operated by the City of Dunedin as a government access television channel on cable systems serving the City. It is a 24/7 source for information on government policies and services and news of significant government-sponsored community events.

You can access Dunedin TV by going into www.dunedingov.com where you will be able to watch City Commission meeting videos which are arranged by date, with the most recent at the top of the list. Click Video to watch the meeting with documents, or Agenda to see just the documents. You can also search the archives by typing keywords into the Search box.

Windows Media Player is required to view the videos. This can be downloaded for free from the Microsoft website. The minimum system requirements for watching the Archived videos are available on line.

The City of Dunedin's cable network is currently serviced by two cable companies; Brighthouse Networks (Channel 615) and Knology, Inc. (Channel 15). You can sign up for Cable TV, Internet Access and/or Telephone service online or by calling the following:

Knology, Inc.
Telephone 1-866-745-3685

Brighthouse Networks
Telephone 727-329-5020

**DUNEDIN GOLF CLUB
1050 PALM BOULEVARD
727-733-2134**

Come experience one of the best kept secrets in Florida... Dunedin Country Club! Designed by world renowned golf course architect Donald Ross, the club opened January 1, 1927.

This is a public course with a 72 par and 16, 605 yards of Bermuda grass. There is also a driving range with 30 tees.

From 1945 through 1962, Dunedin Golf Club was the home of the PGA of America. During that time we hosted 18 Senior Tour Championships, and this was the beginning of the Senior PGA Tour. Back then, the PGA and PGA Tour of today were the same corporation.

In 2006 and 2007 our facility went through a major restoration with rebuilding of our greens, tees and bunkers. It's been restored to nearly the same as when legendary golf architect Donald Ross first drew up Dunedin Golf Club on the drafting table. Today, Dunedin Golf Club is one of the top clubs in the Tampa Bay area. We were named "2008 Golf Club of the Year" by Tampa Bay Magazine.

When you tee off, you follow in the footsteps of some of the greatest golfers of all times: Al Watrus, Ben Hogan, Bobby Jones, Bobby Cruickshank, Byron Nelson, Cyril Walker, Gene Sarazen, Harold "Jug" McSpaden, Horton Smith, Jimmy Demaret, Louise Suggs, Sam Snead, Tommy Armour, Walter Hagan, the great Babe Zaharias and Patty Berg from the LPGA. In more recent times the likes of Mark Calcavecchia, John Huston, Brittney Lincicome, Ben Crenshaw and many other great tour players have all played here at Dunedin Golf Club!

Two distinctions make Dunedin one very special place...

The only golf course in this world that can make this claim: We are a Donald Ross creation and the former home to the PGA of America!

Re-Designed for your enjoyment..

Utilizing original drawings and historical photographs, we've just redone all the greens, tees and bunkers, restoring this magnificent course to its original splendor and playability.

Please be sure to join us for the splendor that is Dunedin Golf Club.

**DUNEDIN STIRLING LINKS GOLF COURSE
620 PALM BOULEVARD
(727) 733-6728**

Dunedin Stirling links ,located at the corner of Alternate 19 and Palm Blvd. one block south of Curlew Rd. This public course is operated by Billy Casper Golf. (www.billycaspergolf.com) General public and guests are welcome.

The course features:

- 18 Hole Par 3
- Disc Golf Available
- Scottish Style layout
- Small Greens
- Play Time: - 2-2 ½ hrs. off-season. 3-3 ½ hrs. in-season

Practice Facilities

- 27 bay lighted range
- 18 hole putting green
- 4000 sq. ft. chipping green
- Large bunker area

Golf Lessons Available

- Group and Adult Lessons
- Private Lessons
- Jr. Golf Program

FLORIDA AUTO EXCHANGE STADIUM
373 DOUGLAS AVENUE
727-733-9302
TICKETS 727-733-0429 OR 1-800-707-8269

Florida Auto Exchange Stadium is a baseball field located at 373 Douglas Avenue in Dunedin, Florida. The stadium was built in 1990 and holds 6,106 people. It is the spring training home of the Toronto Blue Jays, as well as home to the Dunedin High School Falcons baseball team. It was formerly known as Dunedin Stadium at Grant Field and later changed to Knology Park.

From 1977 until 1989, the Blue Jays played at Grant Field, which had a seating capacity of 3,417. Grant Field opened in 1930 and was named after the mayor of Dunedin who had donated the land. The first Toronto Blue Jays game ever was played there on March 11, 1977 when the Blue Jays beat the New York Mets 3-1.

In 1990, at a cost of approximately \$2.4 million dollars, the City of Dunedin built a new stadium called Dunedin Stadium at the same location as Grant Field. It had a capacity of 6,106. The actual playing field and team clubhouses did not change.

In the fall of 2000, the Toronto Blue Jays signed an agreement to remain in Dunedin for an additional 15 years pending a \$12-million renovation. The state of Florida will pay \$6 million, Pinellas County \$3 million with the Jays and Dunedin paying the remainder for the renovations. Part of the renovations have included a new two-story building that includes a clubhouse, training room, weight room, and office space that was built next to the stadium. The most recent renovation to Dunedin Stadium was the addition of an artificial turf half field.

On February 6, 2004, Dunedin Stadium at Grant Field was renamed Knology Park. Knology did not renew the contract for naming rights in 2009, so the name reverted to Dunedin Stadium. In 2010, it became the Florida Auto Exchange Stadium.

Florida Auto Exchange Stadium (located in delightfully different Dunedin) is ranked by Sports Illustrated as one of the top five facilities to watch a Major League Baseball Spring Training game. Dunedin has been the only spring home for the Toronto Blue Jays. The stadium is a community ballpark in which Dunedin residents and visitors can enjoy Toronto Blue Jays Spring Training and Dunedin Blue Jays Minor League Baseball, Dunedin Falcons High School Baseball and various additional community events throughout the year.

The current park capacity is 5,509 individual seats and features include a press box level with air-conditioned skyboxes, three picnic areas, two air-conditioned rooms, a

**DUNEDIN MUNICIPAL MARINA
51 MAIN STEET
(727) 298-3030**

The City-owned marina is located by water on the inter-coastal waterway between the Dunedin and Clearwater Causeways. The entrance channel is east of channel markers #4 and #5. By land, the Marina is at the west end of Main Street off Route 19-A. and across from Edgewater Park.

The marina consists of 194 wet slips-12 commercial, 9 transient and 173 recreational. Slips range in size from 8' x 18' to 20' x 60'. Occupancy rate is one hundred percent, and only Dunedin residents may rent permanent slips. A waiting list of six months to two years exists in some slip sizes. Handicap-accessible slips are available for recreational, transient and commercial use. Transient vessels are accepted on a space-available basis. There are points of interest and fine restaurants within walking distance of the marina.

A boat ramp is located on the southeast corner of the marina for trailered boats. There is a fee for the use of this ramp. Permits and yearly stickers are available at the Harbormaster's office (above the Fish Market) on the northeast corner. It is best to come early since parking is limited and the ramp permit does not guarantee a parking space. Restrooms, picnic and play areas are located in Edgewater Park, across from the marina for your convenience. Charter services are available on the commercial dock for those interested in fishing, diving, sailing and sightseeing.

**MARKER 1 MARINA
343 CAUSEWAY BOULEVARD
(727) 733-9324**

Marker 1 Marina has direct access to the Gulf of Mexico and the waterways on Florida's west coast, along with cruising destinations and fishing grounds. The marina is conveniently located near open waters, making it an ideal location for fishermen and boaters. In addition, Caladesi Island and Honeymoon Island State Parks, known to be two of the world's most pristine destinations, are only minutes from the docks. There are 144 total slips, restrooms, showers and a swimming pool available. There are hookups for fresh water, phone and cable TV as well.

**CALADESI ISLAND STATE PARK MARINA
1 CAUSEWAY BOULEVARD
727-469-5918**

From Channel marker #14, just west of the Dunedin Causeway Bridge, take an approximately 212 degree heading on your compass for approximately 1 mile. Follow the channel markers into Caladesi Island State Park Marina and what is considered to be the 4th best natural beach in the nation. There are a total of 108 slips. There are also picnic pavilions, bathhouses, fresh water hookups, park concession and three miles of nature trails.

Welcome to Honeymoon Island State Park

The pioneers called it Hog Island, but it became Honeymoon Isle in 1939 when a New York developer built 50 palm thatched bungalows for honeymooners. Today, visitors can drive across Dunedin Causeway to enjoy the sun drenched Gulf beaches, mangrove swamps, and tidal flats. Nature lovers will find osprey nests, a wide variety of shorebirds, and one of the few remaining virgin slash pine forests in South Florida. The park boasts several nature trails and bird observation areas. Visitors can swim, fish, and snorkel in the warm waters of the Gulf or picnic while they enjoy the beautiful scenery. Shelling is particularly good here, as the Gulf currents deposit an incredible variety of seashells on the shore. Showers are available and the park's concession has a gift shop and snack bar.

Honeymoon Island is home to many actively nesting birds including Osprey, Oyster catchers, Snowy Plovers and Least Terns. Roseate Spoonbills, Snowy Egrets, Great Blue Herons and many other species are often observed feeding in the bay, beaches and estuaries surrounding the park. Gopher tortoises and armadillos can be found in the picnic area and along the nature trail.

The island is located at the extreme west end of State Road 586.

Contact the Florida Park Service Information Center for general inquiries.

For Information about Honeymoon Island State Park, please call 727-469-5942.

Florida state parks are open from 8 a.m. until sundown 365 days a year.

Driving Directions

Honeymoon Island State Park is located at the extreme west end of S.R.586, north of Dunedin. From 1-75 (north of Tampa): 1-75 south to 1-275 south towards Tampa. Follow 1-275 south to Hillsborough Ave west (SR-580). Take SR 580 west to SR-586 fork then left. Follow SR-586 into park. From 1-75 (south of Tampa): 1-75 north to I4. 1-4 to 1-275 north. 1-275 to Hillsborough Ave west (SR-580). SR-580 west to SR-586 fork then left. Follow SR-586 west into park.

Activities at Honeymoon Island State Park

Beaches

With approximately 4 miles of shoreline, beach lovers will find a variety of activities with areas designated for swimming on the main beach, a pet beach on the south end and great shelling and walking on the north end which turns into a sand spit. Showers are located near the boardwalks leading out to the main beach areas.

Concession/Restaurant

The Park Concession offers food, beverages, beach supplies and souvenirs. Kayaks, umbrellas and beach chairs are available for rent.

Facilities

Restroom facilities are available in the park. Several are ADA accessible.

Fishing

Surf and pass fishing can yield catches of flounder, snook, trout, redfish, snapper, whiting, sheepshead, pompano, Spanish mackerel, cobia, ladyfish and tarpon.

Guided Tours

Ranger led trail walks and shell programs are offered. Please contact the park for additional information on times and availability or to schedule group tours.

Interpretive Exhibit

Various interpretive kiosks are located throughout the park. The Rotary Centennial Nature Center is a great place to learn more about the History of Honeymoon and Caladesi Islands as well as information on the plants and animals that can be found on the islands. The elevated observation deck offers spectacular views and at low tide and provides many opportunities to see wading birds around the seagrass beds in the St. Joseph Sound.

Kayaking

Kayaks can be rented through the concession or if you have your own, explore Pelican Cove which lies between the sand spit and nature trail.

Nature Trail

Observe one of the few remaining south Florida virgin slash pine stands along the Osprey trail which provides visitors with approximately 2-1/2 miles of walking.

Pavilion

There are two covered picnic pavilions and grills are located next to the nature trail. These pavilions may be reserved for a fee.

Pets

Dogs are allowed in designated areas such as pet beach on the southern tip of the island and on the nature trail. Pets must be on a 6 foot hand held leash at all times while in these areas.

Picnic Area

A picnic area is located on the northern end of the island. There are picnic tables, two covered pavilions, restrooms and barbeque grills.

Playground

There is a playground located in the picnic area on the north end of the island.

Surfing

Surfing is allowed in the park, and it's usually pretty good on the north end by Bathhouse 3.

**CALADESI ISLAND
#1 CAUSEWAY BLVD.
727-469-5918**

At Caladesi Island, recreational opportunities abound! A mangrove-covered kayak trail winds from the marina to the St. Joseph Sound and back. Kayaks are available for rental through the Cafe Caladesi. The nature trail is a great place to find Osprey in old pine snags or cross paths with a gopher tortoise. Remember to bring water and sunscreen!

Caladesi Island is accessible only by private boat or via the Caladesi Connection ferry service. Trips depart hourly beginning at 10 a.m. Ferry passengers are allotted a four-hour stay on the island. No pets are allowed on the ferry. Contact the ferry office at 727-734-1501 for more information. For further information about Caladesi Island State Park, call the park office at 727-469-5918.

Welcome to Caladesi Island State Park

One of the few completely natural islands along Florida 's Gulf Coast, Caladesi's white sand shores have been rated as the nation's #1. best beach. Beach lovers can enjoy swimming, sunbathing, and beachcombing. Saltwater anglers can fish from their boats or throw a line out into the surf. Nature enthusiasts watch wildlife while hiking the three mile nature trail through the island's interior or paddling a three mile kayak trail through the mangroves and bay. Picnic tables and shelters are located near the beach; picnic pavilions can be reserved for a fee. The park has a marina with electric and water hookups for boaters. The park also has a snack bar and gift shop. For ferry information call (727) 734-5263. Located one mile west of Dunedin off the Gulf Coast.

Contact the Florida Park Service Information Center for general inquiries. For Information about Caladesi Island State Park, please call 727-469-5918.

Hours of Operation

Florida state parks are open from 8 a.m. until sundown 365 days a year.

Driving Directions

Caladesi Island is accessible only by boat or ferry. The ferry service to Caladesi leaves from Honeymoon Island State Park hourly beginning at 10 AM. Folks can call the ferry service directly 727-734-1501.

By Boat: From Marker 14 on the Dunedin Causeway Channel, which runs parallel to the causeway between Hurricane Pass and the Intracoastal Waterway, follow a compass heading of about 212 degrees for approximately 3. mile. Follow the channel markers into the Caladesi Island State Park marina. (Note: Do not turn 212 degrees from Marker 14 on the Intracoastal Waterway. Look for Marker 14 on the Causeway Channel, which has a brown park sign on it.)

Driving Directions to Honeymoon Island From Orlando: 1-4 west to 1-275 south to SR-60 west. Cross Courtney Campbell Causeway, then turn right on US Hwy 19 north. Left on Curlew Rd. (SR-586). Follow SR-586, crossing Dunedin Causeway, to Honeymoon Island State Park for Caladesi ferry.

From north of Tampa: 1-75 south to 1-275 south to Hillsborough Ave. exit. West to slight left at Curlew Rd. (SR 586). Pass fork at SR-580. Follow SR-586, crossing Dunedin Causeway, to Honeymoon Island State Park for Caladesi ferry.

From Bradenton and South: 1-75 north to 1-275 north to Roosevelt Ave. exit (Follow signs for St. Petersburg-Clearwater International Airport, last exit before the Howard Franklin Bridge). Stay right on SR-686 west when SR-688 forks to left. Right (north) on McMullen Booth Rd. (CR-61 1) to cross over the Bayside Bridge. Left on Curlew Rd. (SR 586). Follow SR-586, crossing Dunedin Causeway, to Honeymoon Island State Park for Caladesi ferry.
