DUNEDIN PUBLIC LIBRARY ANNOUNCES THE ADDITION OF MANGO LANGUAGES

DUNEDIN, FL, September 12, 2011 — Dunedin Public Library is pleased to announce that it now offers the Mango Languages online language-learning system to its patrons.

(Phyllis Gorshe, Library Director) made the announcement.

Mango is free for all library patrons, and offers a fast and convenient solution for our community's increasing language-learning needs. Each lesson combines real life situations and audio from native speakers with simple, clear instructions. Users learn actual *conversation*, breaking down complex conversational elements within an audio-visual framework that allows the user to draw important connections between pieces of information they have already learned.

Mango is available in two versions. One is Mango Complete, a 100-lesson course that is designed to provide a deep understanding of a language and its culture. It is available in 31 foreign language and 14 ESL courses. The second is Mango Basic, which teaches everyday greetings, gratitudes, goodbyes and helpful phrases in a short period of time and is designed to appeal to a beginner in a new language. The courses, which require only two to five hours of time to complete, are currently available in 34 foreign languages and 15 ESL courses.

"We are thrilled to add our library to the growing list of libraries across the country who have added Mango to their resources," said Phyllis Gorshe. "Some people need to learn a second language for business or travel reasons. Others just want to because they think it would be interesting. No matter the reason, learning the language should be fun. With Mango, it definitely is."

You can access Mango via the library website at www.dunedingov.com or you can also visit the company's website at www.mangolanguages.com. Even better, if you have your library card and have access to the Internet, you can access the actual courses remotely from anywhere!
