

# PUBLIC NOTICE

**RE: FY07/08 Annual Street Resurfacing Project**

Dear Resident:

This notice is to advise you that your street is going to be resurfaced in the near future. The exact date of the work at your location has not been established. Concrete curb and sidewalk repairs may be done ahead of the resurfacing. In addition, cold asphalt milling may be necessary in some neighborhoods that have existing curbs, sidewalks and ramps. The milling work will be completed before the resurfacing work is started. Please remove any vehicles or other obstructions from the public right-of-way to allow our Contractor unobstructed access to the job site.

The Contractor for this year's project is Overstreet Paving, Inc. of Spring Hill, Florida. Every effort will be made by our Contractor to reduce any inconvenience to residents whose properties abut the work. Access may be restricted to your property for several hours during the resurfacing operation and you may wish to park your car elsewhere this day. Please avoid driving on the tack coat, a sticky black tar product, which is sprayed on the existing pavement immediately prior to resurfacing. This product is difficult to remove from what ever it adheres to. Once the Contractor has rolled the new asphalt with a rubber tire roller, the asphalt has cooled sufficiently to be driven on by lightweight vehicles. To avoid marking the fresh asphalt, for at least the first two days after resurfacing, please do not turn your car's steering wheel while your vehicle is not in motion. This should reduce the chance of permanent damage to the fresh asphalt.

The Contractor will provide traffic control where conditions prevail. A list of the locations approved by the City Commission for resurfacing is included on the back of this letter. Should you have any questions or comments, please feel free to contact me at (727) 298-3180 or e-mail at [jcooper@dunedinfl.net](mailto:jcooper@dunedinfl.net).

Sincerely,

A handwritten signature in black ink that reads "Jay Cooper". The signature is written in a cursive, flowing style.
