

SUBMITTAL CHECKLIST

In addition to the completed application, you will need to provide:

Proof of ownership- Submit a letter showing present title holder of record and initial date of acquisition, no more than 60 days old and prepared by a title company or licensed attorney in the state of Florida. *(Deeds, title insurance documents, tax bills, etc. are not acceptable.)*

Property survey- Submit two 11” x 17” signed and sealed surveys which show all current structures and easements. If survey is larger than 11” x 17”, please supply fourteen (14) copies. Only two of these copies should be signed and sealed.

All of the following documents should be submitted in an electronic format (.pdf, .tif, or .jpeg), in addition to the hard copy requirements below.

Site Plan Review- Submit two signed and sealed 11” x 17” site plans which shall contain at least the following information per 104-24.7.3 - Site Plans: as appropriate:

- Property size, including dimensions
- Building size by square footage of use
- Percentage of lot covered by the building footprint, and impervious surface ratio
- Setbacks, proposed and existing easements, and any easements intended to be vacated
- Number of parking spaces per use, required and provided; Vicinity map, date, north arrow, and scale
- Location of proposed stormwater areas, outfall connections, and drainage narrative explaining intent
- Street access to site, including width of proposed driveways, street names, intersections, centerline, and ultimate right-of-way dimensions
- Location of trash enclosures, availability of utilities, including proposed connections to existing utilities
- Acknowledgement statement per 104-24.7.3 (L)

Architectural Renderings- Submit two 11” x 17” sets of a color elevation rendering of all proposed buildings. Renderings shall adhere to the following guidelines, or include the following items:

- Height of all proposed buildings
- Location and screening of all mechanical equipment, including wall-, ground- and roof-mounted (photographs may be substituted for existing buildings)
- A depiction of the view from the north, south, east and west, showing surrounding properties of the site
- A depiction of the relationship of proposed buildings to existing buildings on adjacent properties
- A depiction of an architectural style as outlined in the City of Dunedin Architectural Guidelines; if the proposed style of development does not correspond to any such style, a written narrative may be provided explaining how it fits within the city
- Shall be plotted on a scale of not less than 1” = 200’

****NOTE: Once the initial set of renderings have been approved by city staff, an additional 22 color copies must be submitted.**

Greenspace Plan- Submit two 11” x 17” sets of plans. The greenspace plan should include the following items:

- General plant palette, quantities, size and spacing
- Total amount of open space
- Percentage of site landscaped
- Percentage of parking area landscaped
- Width of perimeter landscape buffers

****NOTE: Once the initial set of greenspace plans have been approved by city staff, an additional 22 color copies must be submitted.**

Traffic Impact Analysis (if applicable)- For projects impacting (within one-half mile of an) “F” rated roadway, the developer shall be responsible for an initial traffic impact analysis.

Subject: **Conceptual Plan Review Submittal and Justification Letter**
Project: **Caladesi Publix - Store 93**
Address: **902 Curlew Road**

As a follow up to previous meetings with the City of Dunedin, please accept this application for the conceptual review for the redevelopment of the Caladesi Publix Store No. 93 at 902 Curlew Road. The existing Publix Store shall be completely demolished along with 18,080 square feet of existing retail space and replaced with a new 46,031 square feet Publix Supermarket. The project will result in a larger grocery store that shall be modernized and better suited to meet the needs of the community. In addition, the fronting appearance of the remaining strip retail shall be upgraded to match the architectural style of the Publix Supermarket. The project shall revitalize the shopping center and create the potential for more jobs during the construction phase and in the future as vacant tenant space within the center is occupied. The project shall also improve storm water runoff by providing water quality treatment for approximately 6-acres of the 9-acre shopping center in accordance with the Southwest Florida Water Management District regulations. All existing signage shown on the site plan shall remain and receive an aesthetic upgrade. To the south of the project there is the 100 foot right of way of Curlew Road and to the east of the project is St. Marks Drive, a private roadway. The west project boundary faces the Pinellas Trail and US 19 right of way. The project structures shall be set back from the parcel line by 205 feet to the south, 165 feet to the west, 43 feet to the north and 99 feet to the east. The project setbacks and right of way widths are further depicted on the preliminary site plan. In the last two years we are not aware of any public hearings for this project.

In support of the project justification above we have enclosed the following documents for the Conceptual Plan Review submittal:

1. One (1) check for \$618.00 made payable to the City of Dunedin;
2. One (1) copy of the signed and notarized Application Form;
3. One (1) copy of the Certificate of Authorization for Publix's Agent;
4. One (1) copy of the Proof of Ownership Letter;
5. One (1) copy of the Project Legal Description;
6. One (1) copy of the Adjacent Owners Notice List;
7. Two (2) copies of the Site Survey at 11" x 17" and 24" x 36";
8. Two (2) Copies of the Site Aerial;
9. Two (2) copies of the Architectural Elevations (Front and Side);

App.No. S/D 11-50.00 z/c
