APPLICANT SUBMITTAL ACKNOWLEDGMENT

Application must be submitted as per the Design Review Application Process with all requirements at time of submittal. **City Commission hearings will be scheduled as permitted and are dependent upon additional City public hearings.**

- Quasi-Judicial procedures apply (with sufficient notice; interested parties have the right for a fair opportunity to be heard; interested parties have the right to an impartial decision-maker; initial burden is placed upon the interested parties to ensure that proper record of the proceeding is preserved).
- Failure of the owner/applicant/representative to appear and present substantial evidence under oath at all scheduled public hearings shall be cause to deny the request due to lack of evidence.
- The owner/applicant/representative may not have any ex-parte contact (outside of the public hearing) with any board member or City Commissioner regarding this application.
- An informational sign will be posted on the property referencing the request and public hearing date. Signage should be maintained as posted and shall only be removed by city staff after the hearings.
- If any person decides to appeal the decision made by the board, he or she may need to ensure that a verbatim record of the proceedings is made per Florida Statute 286.0105.
- All data and exhibits submitted with this application become a permanent part of the public records.
- \$500 of the Design Review Fee is non-refundable should the application be withdrawn at the request of the applicant.

I hereby acknowledge that approval of this application by the Local Planning Agency (LPA) and City Commission, if granted, does not constitute final approval for the project. The purpose of the Design Review process is to quickly gain support for the project before it enters the more costly technical site infrastructure permit process. I further acknowledge that should any walls or fencing be required to contain the stormwater retention areas, such walls and fencing shall match the architectural style of the project as approved, if approval is granted, in the Design Review application.
