Each applicant shall be required to procure a separate receipt for each classification which applies to his/her activities.

Where more than one local business tax is paid at the same location under the same business name, a single receipt may be issued describing the various business taxes represented by such local business tax receipt. In such cases, the amount paid for each business tax represented will be the same as though they were on separate business tax receipts. This clause serves only to permit the city to consolidate separate business taxes into one business tax receipt.

A business engaging in more than one classification at the same location shall pay a separate business tax for each classification which applies to its activities as if each were a separate business.
