## **Our Mission:**

The mission of the Social Services Committee is to make a positive difference in the lives of people; bringing help and hope to them by bridging the gap between those in need and those willing to provide services. This mission is accomplished primarily through volunteers driven through compassion and respect for those who desire services. The committee strives for excellence as it assesses social service needs, identifies available social services resources, informs people of those resources and recommends solutions to social needs to community leaders and the public.

Our directory covers mainly assistance for services provided in the City of Dunedin and very near areas. Should you need additional help that is not found in this directory please contact 2-1-1 Tampa Bay Cares, Inc.
