## Storm Season

It's that time of year again as we are entering the peak of the hurricane season. With a system already threatening to head this way, please pay close attention to the following:

- We all watch the weather closely, but don't forget to also CHECK THE TIDES.
- Check all lines for fraying and double them up.
- Check your trailer's tires, brakes and bunks to make sure there are no surprises at the ramp if/when you pull your vessel from the water.
- Monitor all emails from the City and the Marina. Check your spam folder and be sure to add us to your safe sender's list.
- Don't assume that your bilge will continue to work as expected. Two boats nearly sank in the last three weeks. High heat and humidity is detrimental to auto and marine batteries.
- If you are unavailable, assign a responsible party to look after your boat.

## Friendly Reminders

- Disconnect hoses from bibs when not in use.
- Bags of trash, cardboard and other large items must be taken to the dumpster (located in the parking lot across from the Harbormaster Office) for disposal. Please do not leave items next to the trash cans for pick up.

## Upcoming Events

**Dunedin Stone Crab Festival  
at Edgewater Park**

Saturday October 21st: Noon - 10 pm

## Project Update

The construction of the new pram shed building is moving right along. Barring unforeseen delays, completion is anticipated near the end of September. The Dunedin Windlasses and Dunedin Youth Sailing Association (DYSA) are anxiously awaiting their move back to the marina, where they will continue sailing program operations using the new building. Please continue to exercise caution when in the area of the construction zone.

## Security

For the security of persons and property, the gate codes should not be shared with anyone in order to avoid the need for frequent code changes. Vessel owners must meet guests at the gate and accompany them to the boat. Call Pinellas County Sheriff's Office at 727-582-6200 (non-emergency line) to report suspicious or prohibited activity.

## Marina Advisory Committee

The next meeting is scheduled for September 18th at 5:15. The location of the meeting is to be determined. For up to date information, please visit:
