

DOWNTOWN PARKING FORUM

You are cordially invited to attend the City of Dunedin's Downtown Parking Forum to listen and give input on a parking management strategy plan. Did you know that only 37% of downtown parking is permanent? The remainder of our downtown parking supply is rapidly disappearing as development occurs. We are exploring ways to proactively address this downtown parking challenge with a formal parking management plan to include the following:

- Ensure parking space turnover through a paid parking system
- Ensure prime parking spaces are not being used for all day parking
- Create additional downtown parking through a parking structure

Monday, January 12, 2015, 6:00 pm to 7:30 pm
Dunedin City Hall, 542 Main Street

Also coming up:

Thursday, January 29, 2015, 6:00 pm
City Commission Workshop (Topic: Downtown Parking)
Dunedin City Hall, 542 Main Street

Please contact Trevor Davis at tdavis@dunedinfl.net for more information.
