**Marina Closed for Dredging**

The Dunedin Marina, including the boat ramp, day docks and transient slips, are now closed. The City of Dunedin began dredging the marina on Monday, June 1st. The entire marina continues to be an active construction zone and access to the Marina, boat slips, day docks, parking lot and west side of the Marina including the beach area, Boat Club and Pram Shed is prohibited. Usage of the day docks at the pier will be limited to Dunedin Marina Slip Renters only, with permission from the Harbormaster.

Annual boat ramp passes for 2020 will be extended for the same length of time that the ramp is closed.

The newly renovated Seminole Street Boat Launch in Clearwater is the nearest public boat ramp, located 2.8 miles south of Dunedin Marina.

The City’s objective is to ensure that the dredge is completed as quickly as possible. The contractual completion date for dredging is November 2, 2020, however the City has incentivized the contractor to encourage early completion.

We truly appreciate your patience, and ask for your continued support and cooperation while these enhancements to our marina are underway. We acknowledge that there is no perfect time to dredge a marina and we do sympathize with the inconvenience that comes with these improvements.

Visit the marina website for more information and weekly updates. Questions? Email the Harbormaster for the quickest response or call the Harbormaster’s Office at 727-298-3030.

Summer Camps

Dunedin Parks & Recreation’s first priority is always to provide safe programs in a safe environment for all of our campers, visitors and staff. We have aligned our summer camp operations in conjunction with the guidelines and best practices of our local health authorities and implemented appropriate safety measures. Guidelines that have implemented include group ratios, COVID symptom screening, increased sanitization, safe drop-off and pick-up procedures and alternative programming for activities that encourage social distancing.

Camp dates will remain the same, with the first week beginning June 1st. Select camps will be offered, focusing on our more traditional camps while unfortunately cancelling specialty camps. Limited spots remain for summer camp as we will be able to serve 126 children weekly. Registration will be done online only and continue until camps are full.

While this summer will look a little different, staff very much looks forward to providing campers the opportunity to reconnect and make awesome summer memories!

What is **LiveWell Dunedin**?

Dunedin Parks & Recreation created "LiveWell Dunedin" to help the community recognize that parks and recreation is a provider of health and wellness. LiveWell Dunedin aspires to encourage people of all ages to "live well" physically, mentally and socially. There are four vital ingredients to LiveWell Dunedin to help you create a personalized recipe to live a healthier life: Move More, Find Peace, Get Connected and Eat Better.

A multitude of programs and services are offered by Dunedin Parks & Recreation that can help you enhance your lifestyle and improve your overall well-being. You will find the LiveWell Dunedin logos placed throughout the Magazine to highlight those programs and services that will help you on your journey.

**Mission**

Create a culture throughout the community that provides opportunities and inspires everyone to pursue a healthier life.

**Vision**

For all members of the community to have an active lifestyle focusing on their physical, mental and nutritional well-being.

---

**Move More**

Physical activity and exercise have been linked to many health benefits. Whether it's to lose weight, increase energy or gain strength, it all begins with that first step. No matter what your age or fitness level, simply start by adding one or two activities to your routine and see how you feel. You can always add more.

**Find Peace**

It's easy to get caught up in the fast-paced, day-to-day activities but taking time to relax your mind and calm your body can go a long way toward making you feel better. Recreational activities can refresh your mind, restore your body and revive your spirit by simply going for a walk or connecting with nature. Find peace of mind by attending a consumer protection or safety seminar. What you have now is the present moment. Make it joyful, happy and full of peace.

**Get Connected**

Feeling socially connected is more important than ever as it shapes our everyday life and well-being. Find social support, get involved, and find a sense of community with people of similar interests, hobbies and goals. Spend time together with friends, meet new people, form relationships and connect with others by participating in clubs, volunteering or attending socials and community events.

**Eat Better**

Eating healthy helps you live a longer, healthier life. Not only do nutritious foods have positive effects on your mental and physical well-being, they also help reduce the risk of chronic diseases. Whether it's picking up fresh fruits and vegetables from the market or taking an educational cooking class, take advantage of every chance to improve your healthy eating habits.
