Parks & Recreation Salutes America and Our Military

Thank you to all of the community members, business owners, sponsors and volunteers who help us recognize and honor our military service members and veterans of our community. Together we salute our active military and veterans and extend our sincerest gratitude for their sacrifices.

What is LiveWell Dunedin?

Dunedin Parks & Recreation created “LiveWell Dunedin” to help the community recognize that parks and recreation is a provider of health and wellness. LiveWell Dunedin aspires to encourage people of all ages to “live well” physically, mentally and socially. There are four vital ingredients to LiveWell Dunedin to help you create a personalized recipe to live a healthier life: Move More, Find Peace, Get Connected and Eat Better.

A multitude of programs and services are offered by Dunedin Parks & Recreation that can help you enhance your lifestyle and improve your overall well-being. You will find the LiveWell Dunedin logos placed throughout the Magazine to highlight those programs and services that will help you on your journey.

Mission

Create a culture throughout the community that provides opportunities and inspires everyone to pursue a healthier life.

Vision

For all members of the community to have an active lifestyle focusing on their physical, mental and nutritional well-being.

Move More

Physical activity and exercise have been linked to many health benefits. Whether it’s to lose weight, increase energy or gain strength, it all begins with that first step. No matter what your age or fitness level, simply start by adding one or two activities to your routine and see how you feel. You can always add more.

Find Peace

It’s easy to get caught up in the fast-paced, day-to-day activities but taking time to relax your mind and calm your body can go a long way toward making you feel better. Recreational activities can refresh your mind, restore your body and revive your spirit by simply going for a walk or connecting with nature. Find peace of mind by attending a consumer protection or safety seminar. What you have now is the present moment. Make it joyful, happy and full of peace.

Get Connected

Feeling socially connected is more important than ever as it shapes our everyday life and well-being. Find social support, get involved, and find a sense of community with people of similar interests, hobbies and goals. Spend time together with friends, meet new people, form relationships and connect with others by participating in clubs, volunteering or attending socials and community events.

Eat Better

Eating healthy helps you live a longer, healthier life. Not only do nutritious foods have positive effects on your mental and physical well-being, they also help reduce the risk of chronic diseases. Whether it’s picking up fresh fruits and vegetables from the market or taking an educational cooking class, take advantage of every chance to improve your healthy eating habits.
