Nourish Your Body and Strengthen Your Core

“Eat Better” is one of the four vital ingredients of LiveWell Dunedin that helps improve your nutritional health.

Eating healthy helps you live a longer, healthier life. Not only do nutritious foods have positive effects on your mental and physical well-being, they also help reduce the risk of chronic diseases. Take advantage of every chance you get to improve your eating habits.

Here are some ideas to “Eat Better”:

• Preplan your grocery list before you shop to include whole foods and less pre-packaged meals.
• Learn to grow your own food at the Dunedin Community Garden.
• Pick up local produce during the Dunedin Downtown Market at John R. Lawrence Pioneer Park.
• Find more ways to pack fruits and vegetables into your kids’ snacks and lunch boxes.
• Your kids can learn to cook during Kids Culinary Cooking classes offered at MLK, Jr. Recreation Center.
• Drink more water; limit soda and sugary drinks.
• Get a hearty meal during a Monthly Luncheon at the Hale Senior Activity Center.
• Attend a Lunch & Learn seminar at the Dunedin Community Center.
• Try to eat out less and dine-in and cook one more meal each week at home.
• Pack a healthy picnic basket and spend time with family or friends at a community park.

LiveWell Dunedin encourages people of all ages to “live well” physically, mentally, socially and nutritionally. Please take a moment to browse this Magazine for a multitude of programs and services offered by Dunedin Parks & Recreation that can help you enhance your lifestyle and improve your overall well-being. You will find the LiveWell Dunedin logo and symbols placed throughout this Magazine to highlight programs and services that will help you on your journey.

LiveWell Dunedin

What is LiveWell Dunedin?
Dunedin Parks & Recreation created "LiveWell Dunedin" to help the community recognize that parks and recreation is a provider of health and wellness. LiveWell Dunedin aspires to encourage people of all ages to "live well" physically, mentally and socially. There are four vital ingredients to LiveWell Dunedin to help you create a personalized recipe to live a healthier life: Move More, Find Peace, Get Connected and Eat Better.

A multitude of programs and services are offered by Dunedin Parks & Recreation that can help you enhance your lifestyle and improve your overall well-being. You will find the LiveWell Dunedin logos placed throughout the Magazine to highlight those programs and services that will help you on your journey.

Mission
Create a culture throughout the community that provides opportunities and inspires everyone to pursue a healthier life.

Vision
For all members of the community to have an active lifestyle focusing on their physical, mental and nutritional well-being.

Move More
Physical activity and exercise have been linked to many health benefits. Whether it’s to lose weight, increase energy or gain strength, it all begins with that first step. No matter what your age or fitness level, simply start by adding one or two activities to your routine and see how you feel. You can always add more.

Find Peace
It’s easy to get caught up in the fast-paced, day-to-day activities but taking time to relax your mind and calm your body can go a long way toward making you feel better. Recreational activities can refresh your mind, restore your body and revive your spirit by simply going for a walk or connecting with nature. Find peace of mind by attending a consumer protection or safety seminar. What you have now is the present moment. Make it joyful, happy and full of peace.

Get Connected
Feeling socially connected is more important than ever as it shapes our everyday life and well-being. Find social support, get involved, and find a sense of community with people of similar interests, hobbies and goals. Spend time together with friends, meet new people, form relationships and connect with others by participating in clubs, volunteering or attending socials and community events.

Eat Better
Eating healthy helps you live a longer, healthier life. Not only do nutritious foods have positive effects on your mental and physical well-being, they also help reduce the risk of chronic diseases. Whether it’s picking up fresh fruits and vegetables from the market or taking an educational cooking class, take advantage of every chance to improve your healthy eating habits.

THERE IS NO ONE GIANT STEP THAT DOES IT, IT’S A LOT OF LITTLE STEPS.
-Peter A. Cohen

Stop on by neighbor!

Lennie Bennett from the Tampa Bay Times says that the Dunedin Fine Art Center is “…the artistic equivalent of a village square, a gathering place for people at every level of talent to work and learn side by side. It’s serious, but it’s also fun.”

We couldn’t agree more. Whether you’re 5 or 85, whether you’re just starting out, looking to refine your craft or try something new, our award winning faculty has a class or workshop sure to release your creative spirit.

Maybe, you’re looking for serious world-class art exhibitions… or just want to stop by with your kids for some hands-on fun in our Children’s Art Museum, it’s all good! At the Dunedin Fine Art Center, we’re all about art, we’re just not all stuffy about it. So stop by our Palm Café for lunch & a gourmet coffee or browse our Gallery Shop and see why Lennie says we’re “…a wonderful community spot for learning, sharing and relaxing, a mixed media kind of enjoyment.”
